

# The Dress

**Purpose:** Write down your ideas and decisions about your wedding dress!

**Directions:**

1. Keep track of what bridal **Dress Shops** you want to make appointments for and try on dresses at, along with their contact information
2. Brainstorm **Dress Ideas** and start thinking of what styles you do and don't like in a wedding dress. Circle the words you specifically like, cross out the words you specifically dislike, and ignore the words you're open to, but not particularly interested in
3. Record any **More Ideas** you have about specific things you want for your entire wedding ensemble of jewelry, shoes, etc.
4. Write down ideas for **Alterations** to change a dress if needed
5. Just for memory sake to look back on, record your final choices of **My Wedding Dress & Accessories**, but be sure to keep it safe so your fiancé doesn't find it!!
